Independent Auditors' Report

Board of Directors TJM Investments, LLC and Subsidiary Chicago, Illinois

We have audited the accompanying consolidated statement of financial condition of TJM Investments, LLC and Subsidiary (the "Company"), (a 99% owned subsidiary of TJM Institutional Services, LLC) as of December 31, 2004 and 2003 and the related consolidated statements of operations, changes in members' capital and liabilities subordinated to claims of general creditors and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of Prestige Financial Center, Inc., a wholly-owned subsidiary of K.T. Prestige, LLC (a 50% equity investee of the Company). Those statements were audited by other auditors whose report has been furnished to us and our opinion for 2003, insofar as it relates to data included for Prestige Financial Center, Inc., is based solely on the report of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, based on our report and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial condition of TJM Investments, LLC and Subsidiary as of December 31, 2004 and 2003, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Allen M. Abrams Nicola K. Chalik Joel A. Herman Brian R. Israel Thomas M. Kosinski Michael J. Kovacs Jeffrey C. Newman Joseph A. Odzer Richard A. Reisin Kalman K. Shiner Laurence A. Sophian Mark A. Thomson Kenneth L. Tornheim Frank L. Washelesky Danielle M. Winkle Alan M. Witt

Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplementary information on pages 12 through 15 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information has been subjected to the procedures applied in the audits of the basic consolidated financial statements and, in our opinion, based upon our audits and the report of the other auditors as explained above, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Nature of business and significant accounting policies

Operations:

The consolidated financial statements of TJM Investments, LLC (the "Company") include the accounts of the Company and its 75 percent owned subsidiary, TJM Trading Systems, LLC. All significant intercompany accounts and transactions have been eliminated in consolidation.

The Company is an Illinois Limited Liability Company formed in January 1999 for the purposes of conducting business as a broker-dealer in securities. The Company is 99 percent owned by TJM Institutional Services, LLC. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc.(NASD). The Company is scheduled to terminate operations on December 31, 2046.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer, and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

TJM Trading Systems, LLC was organized on November 19, 2002, as a limited liability company under the laws of the State of Illinois. TJM Trading Systems, LLC provides front end computer software services for use in the securities and futures industries. The Company is scheduled to terminate operations on November 14, 2052.

Accounting estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue recognition:

Commissions are recorded on a trade-date basis. Securities transactions and related revenue and expenses are recorded on a trade-date basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

1. Nature of business and significant accounting policies (continued)

Trade accounts receivable:

Trade accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management had used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade accounts receivable. Management has concluded that realization losses on balances outstanding at year end will be immaterial.

Property and equipment and related depreciation:

Furniture and equipment are recorded at cost. Depreciation is provided by accelerated methods over the estimated useful lives of the assets.

Income taxes:

The Company is treated as a partnership for income tax purposes and, as such, is not taxed. Under Subchapter K of the Internal Revenue Code, each member is taxed on his distributive share of the Partnership's income whether or not that income is actually distributed.

Valuation of investments in securities:

Investments in securities are carried at fair value based on quoted market prices or, if such are not available, the Company's management estimates the fair value. Whenever valuation of the Company's investments is required to be made, the Company's management makes a good faith determination of the fair value of the investment. When determining the estimated fair value, consideration is given to the investee company and its business operating results, financial and economic conditions, recent sales prices of similar securities and other information pertaining to the investee company and its business. Due to the inherent uncertainty of the estimated fair value of the investments, the estimated fair values may differ materially from the values that would have been used had a ready market for the investments existed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

2. Investment in limited liability companies

In November 2004, the Company sold its 50% ownership interest in K.T. Prestige, LLC. K.T. Prestige, LLC owns 100% of the Prestige Financial Center, Inc., a broker-dealer registered with the Securities and Exchange Commission. The statement of financial condition of K.T. Prestige, LLC included net goodwill associated with the acquisition of the Prestige Financial Center, Inc. of \$723,333 at December 31, 2003.

As consideration for the sale, the company accepted a note receivable from the buyer in the amount of \$133,000 due October 20, 2006 with interest paid quarterly at the 5 Year Treasury Rate. Subsequent to the signing of the note, the buyer is in default of the note agreement. The Company believes that the entire balance will ultimately be collected.

The Company's management estimated the fair value of the investment at \$150,000 at December 31, 2003. The estimate is based on operating results, financial and economic conditions and other information.

3. Due under purchase agreement

TJM Trading Systems, LLC purchased certain computer software and equipment during the year ended December 31, 2002 from an unrelated party which financed a portion of the purchase price. In addition, the Company owes the seller approximately \$400,000 at December 31, 2004 and 2003 which is to be paid in quarterly installments equal to 25% of the Company's annual net profits as defined. No interest shall accrue on the unpaid balance.

4. Related party transactions

The Company shares office space with its parent. Rent expense paid to the parent was approximately \$57,000 and \$54,000 for the years ended December 31, 2004 and 2003, respectively.

Certain expenses of the Company are paid by an affiliate and reimbursed. The amount due to the affiliate was \$376,500 and \$190,600 at December 31, 2004 and 2003, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

5. Off-balance-sheet credit and market risk

Customer transactions are introduced to and cleared through clearing brokers. Under the terms of its clearing agreement, the Company is required to guarantee the performance of its customers in meeting contracted obligations. In conjunction with the clearing brokers, the Company seeks to control the risks associated with its customer activities by requiring customers to maintain collateral in compliance with various regulatory and internal guidelines. Compliance with the various guidelines is monitored daily and, pursuant to such guidelines, the customers may be required to deposit additional collateral, or reduce positions where necessary.

The Company does not anticipate nonperformance by customers or its clearing brokers. In addition, the Company has a policy of reviewing, as deemed necessary from time to time, the performance of the clearing broker with which it conducts business.

6. Net capital requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2004, the Company had net capital of \$472,571 which was \$467,571 in excess of its required net capital of \$5,000. At December 31, 2004, the Company's net capital ratio was 2.25 to 1. At December 31, 2003, the Company had net capital of \$876,343, which was \$871,343 in excess of its required net capital of \$5,000. At December 31, 2003, the Company's net capital ratio was .44 to 1.

7. Concentration of credit risk

The Company maintains its cash in a bank account which, at times, may exceed federally insured limits. The Company believes it is not exposed to any significant credit risk on cash.

Independent Auditors' Report on Internal Control

To the Members TJM Investments, LLC and Subsidiary Chicago, Illinois

In planning and performing our audit of the consolidated financial statements of TJM Investments, LLC and Subsidiary (the Company) for the year ended December 31, 2004, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we made a study of the practices and procedures followed by the Company including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons.
- 2. Recordation of differences required by rule 17a-13.
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

Allen M. Abrams Nicola K. Chalik Joel A. Herman Brian R. Israel Thomas M. Kosinski Michael J. Kovacs Jeffrey C. Newman Joseph A. Odzer Richard A. Reisin Kalman K. Shiner Laurence A. Sophian Mark A. Thomson Kenneth L. Tornheim Frank L. Washelesky Danielle M. Winkle Alan M. Witt

The management of the Company is responsible for establishing and maintaining a system of internal control including the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any system of internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of the system of internal control to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control system would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of the specific internal control elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004 to meet the SEC's objective.

This report is intended solely for the use of the members, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
